

Parents are very often the best source of experience and information regarding services for adoptive families. To this end, your feedback about community resources you have used is very important and will be incorporated into a Statewide Resource Guide for Adoptive Families.

Have you had experiences with service providers in the following categories? If so, please share your feedback for other families.

Mobile Crisis:

Youth Substance Abuse Evaluation/Treatment:

Child/Youth Sexual Education/Treatment:

Legal Advocacy :

Special Education:

Respite:

Attachment Issues:

In Home Based Services:

Psychological Evaluation:

Developmental Evaluation:

Therapists:

What other services have you used that have been especially helpful?

Are there resources you are still looking for? What are they?
