

**The State Children's Health Insurance Program (SCHIP) will soon be heading to the Senate Floor**

According to Families USA the Senate Finance Committee will soon be determining the direction of the SCHIP. Senators are returning to Washington this week from a recess and the SCHIP will be taken up on the Senate floor soon for possible revisions.

Families USA is asking that the \$50 billion in new money for SCHIP (that was promised in the budget) be added to the SCHIP funding. It is reported that more than 9 million children in America are uninsured.

To call your Senator with your concerns, you can call 1-800-828-0498.
