

FINANCIAL AID FOR COLLEGE FOR FOSTER, ADOPTIVE AND KIN PARENTS*

HOPE, SUPPORT and GUIDANCE in FUNDING A COLLEGE EDUCATION

If you think that a college education is out of the financial realm of possibility, please think again.

Participants will become more aware of financial options to help both themselves and the children they care for to obtain a college education.

Participants will learn about resources that can assist them in their search for the right school and available financial assistance. In addition, information on the Connecticut Higher Education Trust will be provided.

** This training is open to any parent/caretaker who is exploring the possibility of sending their child to college. However, because space is limited preference will be given to foster, adoptive and kin parents.*

Tuesday, September 11, 2007
6:30 P.M.

McCall Foundation, 58 High Street, Torrington, CT
Sign-in at 6:15 p.m. Light dinner provided
